# COMFORT CIRCLE | DINING TABLE WITH EXTENSION

Designed by Søren Ravn Christensen

Comfort Circle is an extendable table with space for up to ten people. Beneath the table, the extension plates are hidden for you to easily add to the table when more space is needed.

The middle part of the table can be elevated – both when extended and when not extended – accentuating the versatility of the table. Lift the centre to enhance the decorations and flowers on the table or as a space to keep your food. And if you wish to add a tablecloth, you can easily align the centre part with the rest of the table.

The flexible design and the subtle lightness of the extendable Comfort Circle make the table a great solution for smaller spaces – but will also stand out in larger dining rooms.

Available in oak and dark oak with smooth or rippled legs.
